TERMINAL DISCLAIMER

Sir:

The undersigned, Attorney of Record in the present application 37 CFR 1.321(b)(1)(iv), avers the following:

Petitioner, Landauer, Inc., is the 100 percent owner of the present application by virtue of assignment. Please find enclosed a copy of the Notice of Recordation of Assignment for the present application recorded in the U.S. Patent and Trademark Office on December 15, 2004 at Reel/Frame 015455/0073. Petitioner is also the 100 percent owner of U.S. Patent Application No. 10,633,564. Please find enclosed a copy of the Notice of Recordation of Assignment for U.S. Patent Application No. 10,633,564 recorded in the U.S. Patent and Trademark Office on March 18, 2004 at Reel/Frame 015106/0303.

Petitioner hereby disclaims, except as provided below, the terminal part of the statutory term of any patent granted on the instant application, which would extend beyond the expiration date of the full statutory term defined in 35 U.S.C. 154 to 156 and 173 as shortened by any terminal disclaimer filed prior to the grant of any patent granted on pending U.S. Patent Application No. 10,633,564. Petitioner hereby agrees that any patent so granted on the instant application shall be enforceable only for and during such period that it and any patent granted on the second application are commonly owned. This agreement runs with any patent granted on the instant

application and is binding upon the Petitioner, Petitioner's successors or Petitioner's assigns.

In making the above disclaimer, Petitioner does not disclaim the terminal part of any patent granted on the instant application that would extend to the expiration date of the full statutory term as defined in 35 U.S.C. 154 to 156 and 173 of any patent granted on the second application, as shortened by any terminal disclaimer filed prior to the patent grant, in the event that any such granted patent: expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321, has all claims canceled by a reexamination certificate, is reissued, or is in any manner terminated prior to the expiration of its full statutory term as shortened by any terminal disclaimer filed prior to its grant.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued.

Please find enclosed the fee of \$65.00 for filing this Terminal Disclaimer as set forth in 37 C.F.R. § 1.20 (d).

Respectfully submitted,

Mark J. Gutttag
